

Hardy Inlet

Community Science Forum

Thursday 21 November 2024
Colourpatch Café, Augusta

The Lower Blackwood LCDC and the Department of Water and Environmental Regulation invite you to join us for an update on the health of the Hardy Inlet and its catchment.

Come along to hear about the latest science on the health of the estuary including water quality, seagrass and river health monitoring, and the on-ground actions happening in the catchment to protect the estuary and the plants and animals that depend on it.

Thursday 21 November 2024
4:15 to 6:30pm, presentations start at 4:30pm

Colourpatch Café, Augusta

RSVP at: <https://lowerblackwood.com.au/events/hardy-inlet-community-update/> by Monday 18 November
