

Grow your pasture profits workshop

Join fellow farmers, agronomists, DPIRD, DWER and catchment officers for a workshop. You will receive your soil test results, learn how to interpret them, and how to use them to guide your fertiliser decisions.

Date: Friday 21 February 2025
Time: Workshop 9:30am to 3pm

Where: Margaret River District Club, 11 Tunbridge St, Margaret River
RSVP: jourdyn.wells@lowerblackwood.com.au or on Our events page
Lunch provided. Please specify dietary requirements at RSVP.

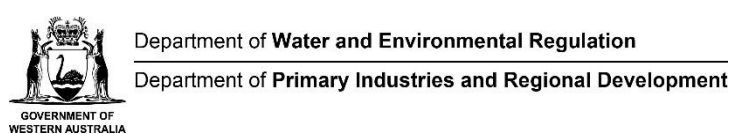

The workshop will cover:

-  Soil test results
-  Understanding limits and constraints
-  Soil acidity and lime

-  Fertiliser strategies
-  Nutrient calculator
-  Question time with agronomists and DPIRD officers

 **Please bring a small laptop or tablet if possible.**
